# MarkdownToPdf

Convert markdown document to html/pdf using VisualBasic in a super easy way!

Translate from https://github.com/codaxy/wkhtmltopdf.

This is a small VB.NET wrapper utility around `wkhtmltopdf` console tool. You can use it to easily convert Markdown/HTML reports to PDF.

Usage

```vbnet
Console.InputEncoding = Encoding.UTF8

PdfConvert.Environment.Debug = False
PdfConvert.ConvertHtmlToPdf(New PdfDocument With {
.Url = "input.html"
}, New PdfOutput With {
.OutputFilePath = "output.pdf"
})

PdfConvert.ConvertHtmlToPdf(New PdfDocument With {
.Url = "input.html",
.HeaderLeft = "[title]",
.HeaderRight = "[date] [time]",
.FooterCenter = "Page [page] of [topage]"
}, New PdfOutput With {
.OutputFilePath = "output.pdf"
})
PdfConvert.ConvertHtmlToPdf(New PdfDocument With {
.Url = "-",
.Html = "
```

test

"
}, New PdfOutput With {
.OutputFilePath = "inline.pdf"
})
PdfConvert.ConvertHtmlToPdf(New PdfDocument With {
.Url = "-",
.Html = "

測試

"
}, New PdfOutput With {
.OutputFilePath = "inline_cht.pdf"
})
```

## CLI Usage

```bash

# markdown2pdf

markdown2pdf ./input.html
```
